OFFICE ACTION RESPONSE AND AMENDMENT

Sir:

This response is made to the Office Action dated January 27, 2006. In that Office Action, the Examiner states that the Reply filed on November 4, 2005, was not fully responsive to the prior Office Action because the drawings failed to show the "automatic shutoff switch slidably mounted". Applicant has made numerous efforts to contact the Examiner and the Examiner's supervisor to request clarification of the Office Action but has not received a reply to the inquiry.
